To Whom It May Concern:

Window treatment, bedding and accessory designs are an important component to my success as a design consultant at Juniper Hill Furniture.

For the past seven years, Nouveau Designs has consistently brought my visions to life. I can always count on their accuracy, quality, exceptional delivery and professionalism.

Their expertise in textiles, custom fabrication, window treatments, and so much more have become a resource I'm thankful to have and offer to my clients.

Sincerely,

Leona R. Wander
